## INTERCHANGEABILITY CODE LIST

Code	Definition
AN	 (Both Ways) A new part and the former part are fully interchangeable.
A	 (One Way) A new part can be used in place of the former part, but the former part cannot be used in place of a new part.
C	Plus  4 new part with some additional part(s) can be used in place of the former part.
G	Plus  Some modification work is required to use a new part in place of the former part.
S	 (One Way Backward) The former part can be used in place of a new part, but a new part cannot be used in place of the former part.
